COLORATION (Version française)

Textiles Patlin est fier de vous offrir les outils nécessaires, afin d'exprimer votre créativité dans vos projets de décoration. À l'aide du présent guide, vous pourrez personnaliser tous nos imprimés digitaux dans le but de créer un décor chaleureux et unique pour chacun de vos clients. Cet outil simple d'utilisation vous guidera dans chaque étape de coloration.

Notez que les demandes de coloration doivent nous être acheminées par courriel uniquement. Aucune demande par téléphone ne sera considérée.

Des frais de 50\$ s'appliquent pour chacun des motifs à recolorer. Ces frais comprennent une épreuve en JPEG de la coloration par courriel, 2 modifications si nécessaire et un échantillon imprimé sur la base de tissu de votre choix.

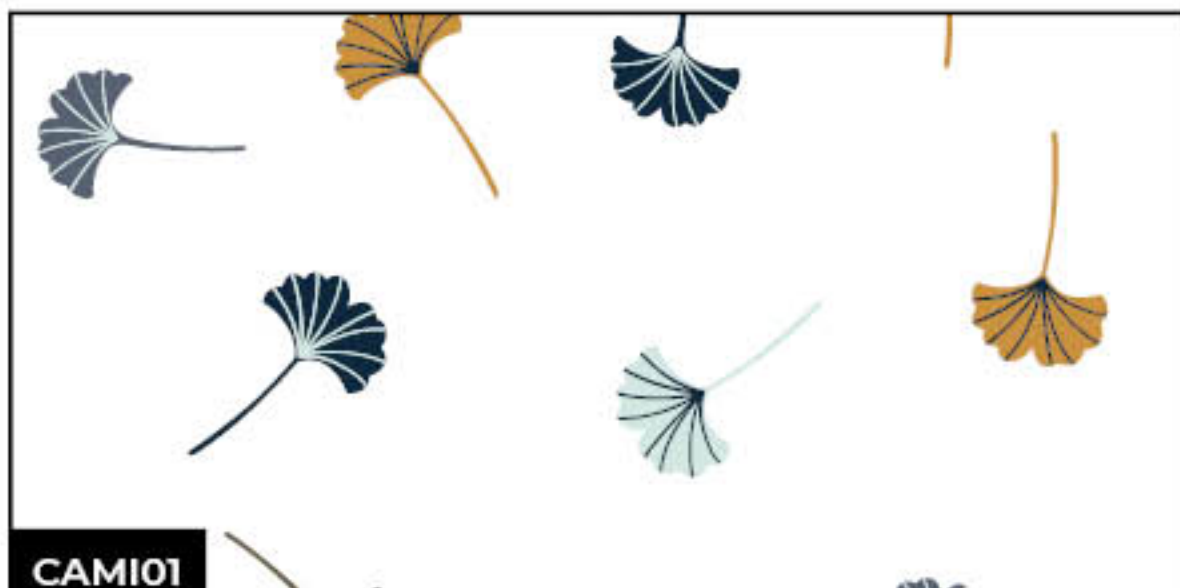

Voici comment vous devez procéder pour personnaliser nos tissus :

1 - Choisissez l'un de nos motifs présentés dans ce guide de coloration que ce soit dans notre collection de tissus réguliers ou dans notre collection de tissus pour bébé.

2 - Inscrivez le nom du motif sélectionné, ainsi que son code de couleur dans notre formulaire de coloration. Exemple : Camille - code CAMI01. Si le code de couleur n'est pas indiqué dans le formulaire que vous trouverez en page 8, nous ne pourrions pas traiter votre demande de recoloration, puisque chacun des motifs ont leur propre nombre de couleurs à modifier.

COLORATION (suite)

3 - Ensuite, à l'aide de notre nuancier de couleurs Patlin, sélectionnez des couleurs que vous aimez et inscrivez-les dans notre formulaire de recoloration.

Par exemple, si nous prenons toujours le CAMI01, le guide nous indique que ce motif contient 6 couleurs. Dans le formulaire de recoloration, je dois alors inscrire par quelle couleur du nuancier je souhaite remplacer chacune des couleurs indiquées sous l'image. (Remplir C1 à C6 seulement.) Dans le cas où vous voudriez seulement remplacer une ou deux couleurs sur les 6 présentées, vous n'avez qu'à mentionner «tel quel» dans l'espace indiqué «Remplacement de la couleur C2 par».

Exemple :

Demande de coloration / Coloring request

Nom du motif sélectionné / Name of the chosen pattern : Camille

Code du motif choisi / Chosen patterns code : CAMI01

Légende

(Niveau de difficulté pour recolorer un motif)

Coloration facile : Cet icône signifie que la coloration se fait rapidement et que la couleur imprimée sur votre échantillon sera exactement la même que dans celle dans représentée dans notre nuancier de couleurs Patlin.

Coloration intermédiaire : Cet icône signifie que la coloration de l'échantillon proposé se rapprochera de ce que vous demandez, mais qu'il peut y avoir une certaine variation de couleur dû à la superposition des couleurs ou à la transparence des motifs superposés.

Coloration difficile : Cet icône signifie que la couleur du motif est obtenue par saturation, luminosité, transparence et autres effets pour tenter d'arriver à la couleur voulue. Il est donc impossible d'obtenir une couleur exacte. Nous vous proposerons toutefois un échantillon qui correspondra à la palette de couleurs choisies.

COLORING (English version)

Textiles Patlin is proud to offer the tools you need to express your creativity in your decorating projects. With this guide, you will be able to personalize all of our digital prints to create a warm and unique decor for each of your customers. This easy-to-use tool will guide you through each coloring step.

Note that coloring requests must be sent to us by email only.
No telephone requests will be considered.

A charge of \$ 50 applies for each of the designs to be recolored. These costs include a JPEG proof of the new design by email, 2 modifications if necessary and a printed sample on the basecloth of your choice.

Here is how you should proceed to personalize our fabrics:

1 - Choose one of our patterns presented in this coloring guide, either from our regular fabric collection or from our baby fabrics collection.

2 - Write the name of the selected pattern, as well as its color code in our coloring form. For example: Camille - code CAMI01. If the code is not indicated in the form that you will find on page 8, we will not be able to process your coloring request, since each of the patterns has their own number of colors to modify.
